The screenshot shows the Office 365 installation interface. At the top, there is a blue header with the Office 365 logo and a user profile for 'Boothe, Danielle B (BOOTH)'. Below the header, the 'Software' section is active, showing 'Office' as the selected category. The main content area displays 'Office' and 'Install Office for Mac 2011'. A message states: 'This will install the following apps on your computer: Word, Excel, PowerPoint, Outlook.' Below this, there are icons for Word, Excel, PowerPoint, and Outlook. A 'Language:' dropdown menu is set to 'English (United States)'. A note indicates: 'Note: Installing additional languages on a computer that already has this version of Office for Mac 2011 doesn't count against your install limit (5)'. There is a 'Review system requirements' link and an 'Install' button. At the bottom, there is a section for 'Get Outlook for Mac' with a link to 'Learn how to remove Outlook for Mac 2011 for the best experience'.
